Description of Complaint:

Good morning,

The Arbor hills dump continues to have noxious odors released. This morning the dump smells again. I understand some of the actions the dump is taking but these odors continue to impact my families ability to enjoy being outdoors. Please follow up with the dump.

Description of Complaint:

Arbor Hills Landfill smells horrible this morning, as it did last night. My outdoor party was interrupted by the smell last evening. One of our guests called the MDEQ PEAS hotline at 800-292-4706 and was told they would NOT accept her odor complaint. They referred her to the Arbor Hills website to submit her complaint. She did not do this, as she didn't have access to the internet at that time.

This morning I wanted to enjoy coffee on my deck. I was assaulted by the odor as soon as I walked outside. I had to run back in to avoid the invasive odor. My husband called the MDEQ but they refused to accept his odor complaint.

It is unacceptable that the MDEQ is refusing to accept our complaints.

I hope to see you Wednesday in Ann Arbor for the final Solid Waste Planning Committee meeting. <http://bit.ly/2qZ4qKj>

Description of Complaint:

Greetings,

I would like to file an odor complaint regarding arbor hills landfill in Salem Mi.

I live at Non-Responsive

I detected the landfill smell around 7:30 pm on Sunday July 9th.

There have been several days already this summer regarding this dump. During the winter I filed a complaint and they said the gas capture wells were not functioning and a flare would be installed. Well I haven't seen progress and there are still odors.

Regards.

Description of Complaint:

Arbor Hills Landfill reeks yet again. I had to unload my RV so I had to be outside tonight. I have a headache and now I have squiggly lines in my eyes.

When is this going to stop?

I spent two nights away from the dump so I got to enjoy Pure Michigan fresh air. Literally as soon as I got home, the smell assaulted me. Neighbors were waiting in my driveway as we pulled in. They said they couldn't believe how bad the smell was. I doubt they reported it. Most people don't. Just because you aren't getting hundreds of calls doesn't mean the odor isn't noxious. People are just sick of it. Most of them have given up.

The last Washtenaw County Solid Waste Planning Committee Meeting is on Wednesday, July 19, 2017 at 6 p.m. at the Washtenaw Intermediate School District, 1735 Wagner Road, Ann Arbor, MI 48103. I hope you will be there.

Description of Complaint:

Arbor Hills Landfill has a strong garbage odor today. It's Friday, July 7. I first noticed the odor at about 10 a.m.

My husband called the MDEQ hotline at 800-292-4706 and there was no answer. The call was transferred and no one answered on the secondary line, either.

I have heard from several people that have called the MDEQ PEAS number who have been told they should call the landfill. Arbor Hills does not answer their hotline so these people feel like they are not being taken seriously. It's clear that odor reports are not managed consistently. It also seems like odor reports are not managed the same for Arbor Hills Landfill as they are for other polluters.

Description of Complaint:

Arbor Hills Landfill stinks again today. It's rare for it to smell in the afternoon like this but it does happen a few times a month. It's a 1 out of 10 on the scale. It smells like garbage.

What odor neutralizer are they spraying on the garbage and how do we know it's safe?

Thank you.

Description of Complaint:

Hello,

There is a terrible garbage odor present outside tonight from the Arbor Hills Landfill. This is one of the worst odors I have experienced since living here. I first noticed it inside my house around 9:33 pm and had to close the windows immediately. I live in Northville Ridge Subdivision, just south of 6 Mile.

Description of Complaint:

Hi,
I would like to bring your attention to the Arbor Hills Landfill and it's continued mismanagement of odor control system. I have brought your attention to the matter along with a number of my neighbors. Thank you for your continued support and efforts to bring the facility under control. However, for the past one week I have been smelling odors in the evening starting around 9pm and going on for most of the night and in to the morning. I thought maybe it was an occasional problem but this has gone on for the nearly a week. I understand that there are efforts underway to improve the gas collection facilities but I have heard the same answer for nearly a year now. I am not sure when we will get relief from this nuisance that stops us from enjoying the beautiful summer evenings. As my elected representative, I am looking to you for help.

Please find the MDEQ odor report complaint.

Regards,

Description of Complaint:

This morning at 8am as I was leaving for work, there was a very strong garbage smell in the Steeplechase Neighborhood. I drove with my windows down and could smell it along Briar Ridge Lane all the way to the 6 mile road entrance. I called this into the MDEQ. How can Advance Disposal be allowed to continually pollute our neighborhood with bad odors?

Description of Complaint:

All - The rotten egg stench from Arbor Hills is once again blowing into Steeplechase of Northville. I smelled it last evening while walking around the block around 9pm. I called it into the MDEQ. This afternoon around I was in my yard from 7-9pm and smelled it again. Can you PLEASE do something get Advanced Disposal from polluting our community with carcinogenic landfill gas odors. We have children - please put yourself in our shoes, this is unacceptable.

Phone Number:

Description of Complaint:

The Arbor Hills Landfill smells horrendously bad at the Steeplechase and Northville Ridge neighborhood entrances on 6 Mile Road.

We have several families hosting graduation parties this weekend and they are scared their parties will be ruined due to Arbor Hills Landfill. Many neighbors had parties ruined last year. One had to change venues because guests said they felt ill from the odor.

Please let me know what is happening and why we're dealing with this issue. Most importantly, I'd like to know what is the remedy and how long it will last.

Regards,
Non-Responsive

Description of Complaint:

All - Is there anything that Advanced can do to control the dust coming off the Arbor Hills Landfill? Attached are some pictures of dust coming from trucks driving up Arbor hills and dumping their loads taken today at 2pm. The dust is blowing directly towards Ridge Wood Elementary School. I am concerned what could be in this dust given the fact that Arbor Hills does allow hazardous waste such as Asbestos.

Description of Complaint:

Dear Sirs/Madams,

I live in Steeplechase and as of Dec 20 at 8am, there was a pungent 'gas' smell outside our house which I assume was from the Landfill. Can you please register my complaint and provide an update on the status of the fixes that were supposed to be in place at the landfill.

Regards,

Non-Responsive

Description of Complaint:

Dear All,

The Arbor Hills landfill smells again this evening; I came home at 10:00pm and I could smell it all the way at 6 mile and Ridge Rd in Northville. It smells like leaking gas and bad eggs, same old smell we have been experiencing on and off over the last year. The intensity is medium to high, I could smell inside my house.

I live at Non-Responsive

Thanks,

Non-Responsive

Description of Complaint:

To all,

I am writing to let you know the Landfill once again smells! It has not been a week since my last note to you all. The smell is a 3 out of 10 so mild but definitely still a garbage smell. I started smelling this at 5:30 tonight. The wind is mild tonight.

Please help the residents of Northville with this noxious problem! Arbor Hills and or Republic need to be held accountable for these odors that are happening now for months and going on years! This needs to stop!

Kindly,

Non-Responsive

Description of Complaint:

Mr. Miller - I have noticed the stench from Arbor Hills since this morning. I was out for an after dinner walk and it is really strong now. Usually I report a sulfur/rotten egg smell, but today is has an earthy smell, like being in a barn with the smell of hay and straw and animals. It gets stronger the closer you get to Arbor Hills. I go for these walks as I think its good for my health, but then think all the odor I am smelling is bad for my health, so I head back home. Its a real crime what these people at Arbor Hills are doing to us.

Description of Complaint:

My name is Non-Responsive and I live on Briar Ridge Lane within the Steeplechase sub-division in Northville (6 Mile between Ridge and Napier). I want to make a formal complaint regarding the stench coming from the Arbor Hills Landfill and was told to email everyone attached. I noticed the smell when I got home from work last night and then again as I left my house this morning. This is not the first time I have smelled the dump but this is first time I am making a formal complaint. When I moved to Steeplechase I was assured that the dump would not negatively impact our day to day living, and I am now wondering what the future holds. Please help get the situation under control because I doubt it will get better without serious efforts from our community.

Sincerely,

Description of Complaint:

I appreciate the continued vigilance from the EPA and DEQ. I hope you can get the facility to get their operations under control soon and stop poisoning me and my family. It's a shame that this facility has been allowed to operate like this for so many years. Please do NOT let them expand any further.

Please see the DEQ odor complaint form for your reference.

Regards,

Non-Responsive

Good evening,

As we come home from work we are greeted with this nasty rotten egg smell this evening around 6pm.

This has been an ongoing situation and no one seems to put a stop to it.

This is not quality of life.

This is unfair.

Please put a stop to this horrible air pollution.

Thank you for your time.

Description of Complaint:

Dear All,

The Arbor Hills landfill smells this evening; I came home at 6:00pm and I could smell it all the way at 6 mile and Ridge Rd. It smells like leaking gas, same old smell we have been experiencing on and off over the last year.

I live on Briar Ridge Lane in Steeplechase, Northville.

Thanks,

Non-Responsive

Description of Complaint:

Mr. Miller - tonight since 5pm I have smelled a stench coming from the Arbor Hills Dump. Its a smelly rotten egg smell. Its about average in terms of magnitude, its been worse. I live in Steeplechase of Northville on Briar Ridge Lane. It seems whenever the wind is blowing from southwest to northeast I can smell it.

Description of Complaint:

Arbor Hills continues to pollute the air with the foul odors from their facility. This continues our ability to enjoy the beautiful outdoors.

Please see the DEQ complaint form attached. I would appreciate your continued attention to the matter and bring the situation under control.

Description of Complaint:

Hi -

I live in SteepleChase subdivision in Northville, MI. We have been experiencing very bad smell from Arbor Hills Landfill which makes our life miserable.

This really has very bad impact on our health here in community and would request you to take appropriate action so that we can live healthy and enjoy outdoor.

My husband and kid was complaining headache all day yesterday due to bad smell.

PLEASE HELP and SAVE US from this Landfill!!!

—

Thanks

Mr. Miller - I was out walking through my neighborhood of Steeplechase in Northville just now and noticed the familiar rotten egg smell from Arbor Hills. Its sad, just when I start to think maybe they have changed their way over there, I smell it again. I live on Briar Ridge Lane. Please help us homeowners who are subjected to this chronic air pollution from Arbor Hills. Thank you.

Hello,
I would like to bring your attention to the continued nuisance created by Arbor Hills Landfill. Please see the attached MDEQ complaint form. The odor has been very strong this time and it is causing sinus issues for me. I would appreciate if you could continue to work with the Landfill to get control over their operations.

Regards,

Description of Complaint:

Hello,

I am a resident at Non-Responsive

I would like to report a foul odor that smells like garbage in the area by my home, my cross streets are close to BECK and 7 Mile. This nuisance odor is becoming more and more of a normal occurrence and I have had several emails stating that the manner is being worked on but have yet to see or smell any improvements. please log this complaint.

Description of Complaint:

Dear All,

I am writing to inform you regarding the littering of Northville township with garbage from the landfill due to high winds yesterday. I have attached a picture I took this morning from my back yard depicting the extent of the littering. I am not sure how Arbor Hills is going to clean this mess, I noticed a small crew cleaning 6 mile road, but getting all the garbage of the trees will be a big task. You could see plastic bags decorating the trees west of Steeplechase subdivision and the old cemetery on the corner of 6 mile and Napier Rd. I do understand that Arbor Hills cannot control Mother Nature, however all the weather stations warned the residence of Southeast Michigan regarding high winds on Thursday, March 8 for many days. I do not understand why it took Arbor Hills almost half the day to stop accepting garbage (per various news outlets) knowing that the entire (light weight) garbage loads will land onto roads and subdivisions in Northville Township?

Thank you for keeping us safe.

Best,

Description of Complaint:

For two days now, Northville and Salem townships have been covered in litter and blight due to the continued mismanagement of Washtenaw County's Arbor Hills Landfill.

The dump should be shut down until they can clean up this horrible blight on our community.

Description of Complaint:

All - This morning when I was driving to work at 7:30am, there was trash all along 6 mile road. We had high winds yesterday, so I wanted to see if they came from the Arbor Hills Landfill. I turned around and drove up 6 mile toward Napier road and there was all kinds of trash from Arbor Hills along their Eastern Border fence as well as the trees along the East side of Napier Road between 6 mile and 5 mile roads. I think it was irresponsible for Arbor Hills to be accepting trash on such a windy day. They should be held accountable for all the pollution that they inflicted on Northville Township. This continued mis-management of Arbor Hills is why they cannot be allowed to expand any further!

Description of Complaint:

Good Morning!

The Arbor Hills Dump smells really bad this morning making it had to enjoy our beautiful wooded back yard this morning for a cup of coffee on my deck.

This is the first time it has smelled at my house this week.

Thank you

Description of Complaint:

The dump stinks like garbage this morning.

I keep hearing back from legislators that you're working to remedy this situation yet I have not seen any results of this alleged work.

Can someone please share with me something tangible that has been done to fix this issue? My family has been negatively affected by air pollution going on two years now.

Regards,

Non-Responsive

I am attempting to work from my deck this morning in Steeplechase neighborhood. Once again I am receiving a strong odor from the Arbor Hills landfill. What is the plan to resolve and prevent this air pollution for the residents in the surrounding areas?

Description of Complaint:

To Whom it May Concern,

I am concerned about the odor coming from the Arbor Hills Landfill. Last night at approximately 8:30 P.M. I took a walk through my subdivision. I could smell the landfill from 6 mile all the way to 7 mile. This is an ongoing issue. Please let me know what is being done to fix this problem.

Thank you,
